WORK EXPERIENCE

Total Experience - 2+ years

WIPRO | Project Engineer
Dec/2021 - Present, Bangalore

- Collaborated with UI/UX designers to translate design mock ups into functional web interfaces.
- Developed clean, efficient and maintainable code for the front-end of web applications incorporating HTML, CSS, JavaScript and ReactJS.
- Aligned with backend developers to integrate frontend components for a seamless data flow across the application.
- Participated in testing efforts, including unit testing and integration testing, to ensure that the front-end components worked correctly and reliably
- Utilized version control systems like Git to collaborate with other developers, manage code changes, and track the history of the code base.
